The Honorable Albert Thomas
310 Old Post Office Building
Houston, Texas

Dear Mr. Thomas:

I have recently learned from my Senior Representatives abroad that on your trip to Europe you met and talked with several of our officials. I hope that they were of assistance to you in every way. As your Office here was not certain just when you would return to Washington, I would appreciate it if you could call me when you are in town, as I would like to have your impressions of our activities and personnel, together with any additional suggestions you might care to make.

With kindest regards.

Sincerely,

Allen W. Dulles
Director
